

Coal Trucks

The Mine has no plans to use their dedicated road around Glace Bay.

Families are being exposed to unsafe road conditions & sleep disturbing noise 22 hours a day!

Let's work together and make our voices heard!

Community Rally

Location: Corner of Station St & HWY 4
(Meet us at the vacant lot by the traffic lights across from the Tim Hortons in Reserve)

When: Friday February 17, 2023

Time: 12 noon to 1 pm.

&

Community Meeting

Location: Port Morien Legion

When: Sunday March 26, 2023

Time: 2 pm to 4 pm.

Some Important Facts

- 1. The oversized coal trucks are running from 5 am to 3 am.***
- 2. There are about 12 trucks on the road right now but the Mine wants to move 3.6 million tonnes of coal each year. That means about 60 trucks - 5 times more trucks than what we have on the road right now!***
- 3. The coal trucks are not subject to spring weight restrictions.***
- 4. The coal trucks are degrading our highways and are making our roads unsafe to drive on.***
- 5. Since 2017 there has been talk of a dedicated road to bypass Glace Bay. At this moment it remains unpaved and unfinished. Kameron Coal has no plans to pave it or use it at this time.***
- 6. It's time the mine made their own road to transport coal from their gate to the port.***

The Cow Bay Coalition is a community group that has been organizing for the past three years to address the adverse community health & environmental effects the Donkin Mine is having on residents living in the area.
